CANADIAN CHAITAUQUAS IN DELIA THIS WEEK

PRESENT BIGGER AND BETTER PROGRAMS THAN EVER

Chaitauques week opened in Delia on Saturday last, and up to Tuesday afternoon the weather was everything that could be desired. Just before the performance on Tuesday evening an electric storm passed over the district from north to south, accompanied by heavy rain. The storm lasted for about a half hour or more, but had no deterrent effect on the attendance of Chaitauques persons that turned out in large numbers to listen to the Russian Comedians.

This week's Chaitauques program is bigger and better than ever, and for the remainder of the week's entertainment those who trade are to be expected especially among the popular children's material, who have been chosen for the last afternoon performance. The remainder of the Chaitauques program will appear next week.

On Saturday afternoon the children, attired in costumes, fanciful and grotesque, assembled at the school grounds, and, under the direction of Miss McLennan, the children, paraded the streets.

Saturday night, after a few opening remarks by the president of the local Chaitauques Committee, the Martin Ervin players presented

to the Delia Union Church.

Monday afternoon, the Artists' Duo, consisting of Lowell Patton, pianist, composer and dramatic interpreter, and Fawcett Newell, Canadian-born lyricist, delighted the audience with their vocal and dramatic readings. This is the third visit of these artists to Delia and they need no introduction to Chaitauques.

Monday evening, the Artists' Duo, consisting of Lowell Patton, pianist, composer and dramatic interpreter, and Fawcett Newell, Canadian-born lyricist, delighted the audience with their vocal and dramatic readings. This is the third visit of these artists to Delia and they need no introduction to Chaitauques.

On Tuesday afternoon Dr. Bhaskar Pandurang Hiral, a native Hindu and graduate of Bombay University, gave a stirring message entitled, "In these a conflict between Oriental and Occidental Civilizations." Dr. Hiral, who, by the way speaks English with a strong Welsh accent, has travelled extensively throughout Great Britain, America, China, Japan, Italy, France, Switzerland, and brought home with him a wealth of knowledge and information to discuss the differences between the East and the West, and also indicated what the West might learn from the East in the industrial, and the fields of life.

The famous Russian Comedians came the president on Tuesday afternoon, and also the full evening concert.

This is the first Canadian tour of the Russian Comedians, consisting of the famous "The Soldiers' Chorus," from Faust, by Gounod, and the piano solo, "Chorus of the March," composed by Sergei Rachmaninoff, proved the most popular number.

The chorus, "Mother Mother," by Chaumier Olend "The Soldiers' Chorus," from Faust, by Gounod, and the piano solo, "Chorus of the March," composed by Sergei Rachmaninoff, proved the most popular number.

Showing Canada her Opportunity in World Trade

Another Striking Advertisement by the Trade and Commerce Department, Ottawa

The various striking advertisements of the Trade and Commerce Department of Ottawa which have appeared in Canadian newspapers from time to time have been intended to create an "open house" atmosphere throughout the Dominion.

It was created for this by the Honorable James Mackenzie, Minister of the Trade and Commerce Department of Ottawa, in order to show to the world that Canada was open to the world in every way. It was intended to show to the world that Canada was open to the world in every way.

Another method of giving Canada's export trade is found in the fact that just now the Canadian export of manufactured goods is at its highest point in its history.

Presentation to Dr. Kydd

On Friday evening last a number of friends and well-wishers of Delia and neighborhood gathered in the upper rooms of the local branch of the Canadian Bank of Commerce to tribute to Dr. A. E. Kydd, and present him with a small token of the respect and esteem in which he is held, and for services rendered to the community, on the occasion of his leaving Delia for Lethbridge, H.C., where he will be residing.

Dr. Kydd, a well-known and highly respected physician, has been an important Government official.

Health Service of the Canadian
Medical Association

SUMMER DIARRHOEA

Every year there occurs an appalling number of deaths from diarrhoea. In Canada, in the year 1908, there occurred 4,814 deaths of infants under one year of age as a result of this condition.

The fact that most parents acquire such a condition is breast-feeding. Wherever such deaths are investigated, it is found that most of the cases occur amongst infants who are artificially fed. There are many other good reasons why infants should be fed on the breast, but for the one reason that it protects against diarrhoea is sufficient to make every mother realize her duty to her own baby.

The baby who is so unfortunate as to be deprived of his natural food must receive every care. He should be fed on the breast, or if that is not possible, on a good artificial food. The family physician. He should be fed according to the physician's instructions, and no change should be made in his feeding until they are ordered by the physician.

The baby must be dressed according to the temperature, and should be kept in order to protect him from sudden changes of temperature against which he must be safeguarded.

Diarrhoea in a young child is a very serious condition. When it occurs, the family physician should be called at once. Thinking that the diarrhoea was caused by teething or some other condition that was responsible for the delay may cost the baby his life.

Questions concerning Health, and all other matters, should be addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

TOILETS AND TYPHOID

The Village of Delia has been comparatively free from typhoid for a number of years. This is due to the fact that the village is so close together, that Delia is recognized as one of the cleanest little towns in the west.

On a recent inspection I found a number of toilets not as good as a condition as they should be, though they are open to the flies, and so inefficient of any kind being used. Under these conditions the possibility of spreading typhoid infection is well recognized, as back and forth from the toilet pit to the eating table under these banners of infection.

It is not necessary to buy an expensive distasteful. Hygienic toilet, which can be bought at our lumber yards at \$1.25 per foot. This will answer the purpose very well.

G. E. Kennedy left on Sunday night's train for Toronto, and expects to be away for a couple of months. Miss Beatrice Anderson is in charge of the drug store, and is in charge of the drug store.
